Kurakani – User Stories

Super Admin:

1. As a super admin, I need my login credentials to be able to enter into the system.

a) I open the website.

b) I see the “Login” page.

   1. The login page has an “Email” field.
   2. The login page has a “Password” field.

c) I have landed on the dashboard page after a successful login attempt.

2. As a super admin, I need to be able to create department/department admin profiles

a) I can see a list of existing departments on the dashboard.

b) I click on “Create Department”.

c) I then see a “Create Department” form.1. The form has a “Name” field.

   1. The form has a “Location” field.
   2. The form has an “Admin Email” field.
   3. The form has a “Next” button.

d) Upon successful entry of details in the form, I can see the new department in the department list.

Employee:

1. As an employee, I need to able to register with my department.

a) I install the app from the Play Store / iOS Store.

b) I click on the “Register” button.

c) I see a “Registration” form.

   1. The form has a “Name” field.
   2. The form has an “Employee ID” field.
   3. The form has an “Aadhar Number” field.
   4. The form has a “Phone Number” field.
   5. The form has an “Email ID” field.
   6. The form has a “Department” field.
   7. The form has a “Location” field.
   8. The form has a “Designation” field.
   9. The form has a “Next” button.

d) Upon successful entries of the Registration form fields, I receive an OTP on my mobile.

e) I fill the OTP on the “Please enter your OTP” page.

f) After successful verification of the OTP, I enter the homepage.

2. As an employee, I need to able to login into the app.

a) I launch the app.

b) I click on the “Login” button.

c) I see a “Login” form.

   1. The form has an “Employee ID” field.
   2. The form has a “Phone Number” field.

d) Upon successful entries of the Login form fields, I receive an OTP on my mobile.

e) I fill the OTP on the “Please enter your OTP” page.

f) After successful verification of the OTP, I enter the homepage.

3. As an employee, I need to able to see 3 tabs – Events, Sessions, Broadcast.

4. As an employee, I need to able to see the Permanent Session (in which all the employees of my respective department are present).

a) I enter the Permanent Session by click on the “Permanent Session” card.

b) I can see the previous messages sent by me and the messages sent by others along with their name and designation.

c) At the bottom, I can see a text box and a “ → ” symbol.

d) I can send a message by typing in the text box and then hitting the “Send” button.

e) This message will then be received by all the employees in that Department.

f) At the top right, I can see 3 dots (options button).

g) In the options button, I have an option to “Search” and an option to “Attach files”.

h) When I click on the “search” option, I get a prompt to “Enter the message to be searched”.

i) I can then search for a message.

j) When I click on the “Attach files” option, I get a prompt to “Select a file”.

k) I can then attach a file.

5. As an employee, I need to able to see the Temporary Session.

a) The Temporary Session has all the features that the Permanent Session has.

6. As an employee, I need to able to create a Temporary Session.

a) Under the “Sessions” tab, I can click on the “+” button on the bottom right and create a temporary session.

   1. I fill in the “Session Name”.
   2. I add “Session Participants” from the “Employee List”.
   3. I click on the “Next” button.
   4. Thereafter, all the added participants are sent a session invite which upon accepting will add them to the session.

b) My newly created session now appears under the “Temporary Session” field.

c) As a session admin, I can click on the 3 dots (options) and I can see 2 options – Lock and Delete.

d) When I click on the “Lock” option, the session is locked and thereafter nobody can send messages.

e) When I click on the “Delete” option, the session is deleted.

7. As an employee, I need to able to accept a Temporary Session invite.

a) I get a notification when I receive a session invite.

b) I go to the “Broadcast” tab and see a card of sessions.

c) I then click on Accept / Decline.

d) If I click on “Accept”, I am added to the session.

e) If I click on “Decline”, I won’t be added to the session and the invite is discarded.

8. As an employee, I need to able to see the Events tab.

a) I can swipe to the right or click on the “Event” tab to enter the Event homepage.

b) I can see a list of upcoming & past events in a chronological order.

c) I can see the name, date, time, event admin, venue of the events.

9. As an employee, I need to able to create an event.

a) Under the “Event” tab, I can click on the “+” button on the bottom right to create a event.

   1. I fill in the “Event Name”.
   2. I fill in the “Event Venue”.
   3. I fill in the “Date”.
   4. I fill in the “Time”.
   5. I click on the “Next” button.

b) The event is then created.

10. As an employee, I need to able to see the Broadcast tab.

d) I can swipe to the left or click on the Broadcast tab to enter the Broadcast homepage.

e) I can see a list of broadcasts in a chronological order.

f) I can see the name of the description of the broadcast, date, time, sender.

11. As an employee, I need to able to create a broadcast.

a) Under the “Broadcast” tab, I can click on the “+” button on the bottom right to create a broadcast.

   1. I get a prompt to fill in the “Description”.
   2. I click on the “Next” button.

b) The broadcast is then broadcasted to the concerned people.
